

Dear Teachers/Coaches,

This brochure is an overview of a program available through Huron High School and the Calhoun Family. It is a program meant to help deserving students enjoy their high school experience more fully.

We ask that you not distribute this brochure to students or parents. It is meant as an informational tool for your eyes only.

Please contact your student's guidance counselor if you feel a student is in need and is deserving of this assistance.

We thank you for the roll you play in this wonderful program. It has created many smiles on the faces of student recipients.

ABOUT TAYLOR

Taylor Elisabeth-Blair Calhoun was sixteen years old and president of the junior class when she was killed in a car accident.

Taylor was a scholar-athlete who played two varsity sports as a freshman (lettering in tennis). As a sophomore she lettered in tennis, soccer and cheerleading.

Taylor was an extremely positive force on the field, on the sidelines, at school, at home, at church and at play. She was a conscientious member of society through her church and many other volunteer activities.

These scholarships are reflective of Taylor's concerns for others and in memory of what she would have wanted for all students at Huron.
